Place the table top on a clean surface to avoid scratches.

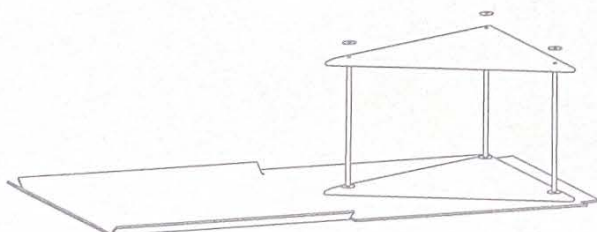

1

Place three washers on the holes in the table top. Fasten the three legs on top of the washers and make sure that the legs are fastened before mounting the bottom part of the table.

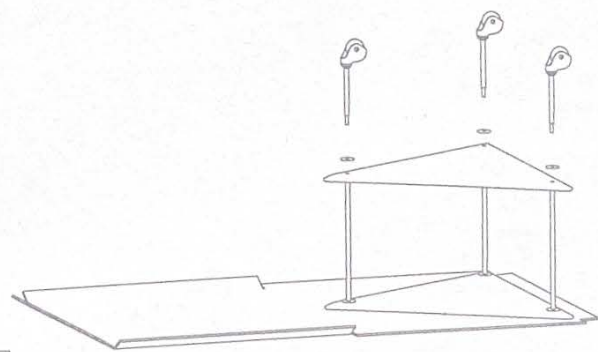

2

Place the table bottom on the legs and add three washers on top of the holes in the table bottom.

3

Fasten the three wheels on top of the washers and make sure that the wheels are fastened before turning the AJ Trolley around.
